Singapore, 2012-09-06

Mr. Rolf Göbel, born on September 13, 1963, has been employed by Sennebogen Asia Pacific as Head of Service and After Sales Asia Pacific from September 2010 until September 2012.

Sennebogen Pte Ltd in Singapore is a subsidiary of the Sennebogen GmbH Maschinenfabrik in Straubing Germany. The Singapore registered company was established in 2010 with the aim to pay support to Sennebogen dealers and customers throughout Asia Pacific.

Mr. Göbel spent three months of training to support his managerial position in Singapore in our three factories in Straubing, Wackersdorf and Straubing-Sand.

In January 2011 he took over the technical supervision of all dealers and customers related matters in the APEC states.

His core projects targeted dealer and customer engineers, rigging team and ground staff trainings, supervision of new machine assembly and assignment, warranty investigation, technical support and all relevant handling of project related scheduling thereof in India, Taiwan, Vietnam, Australia, Singapore, Hong Kong and South Korea.

Mr. Göbel was a very engaged and reliable colleague. His behaviour towards his colleagues and management was always impeccable. In completing his self assigned tasks and projects he always worked towards, and always achieved, safe and efficient job environments. This was to a great advantage of the companies Safety on Jobsites Strategies.

Mr. Göbel leaves Sennebogen Pte Ltd on his own request.

Mr. Göbel has fulfilled and accomplished all of the given tasks and duties to our highest satisfaction and we thank Mr. Göbel for his cooperation wishing him all the best for the future in his business and private endeavours.

With best regards

Pro absente
